MIAMI, Fla., Feb. 6.—While President-Elect Roosevelt was trying his hand at deep-sea fishing somewhere off the Bahamas on an uncharted course, his inner political guard was based here at Miami applying the "acid" tests to hundreds of hopeful applicants for the juicy plums that will fall under the new administration.

Mr. Roosevelt, aboard Vincent Astor's yacht, "Nourmahl," planned to put into Nassau this morning long enough only to pick up a guide and bait. A radio message received last night here by M. H. McIntyre, the President-Elect's secretary, read: "Expect to arrive Nassau Monday morning and remain for a few hours to pick up fishing pilot and bait." The President-Elect will not leave the "Nourmahl," it was stated here.

Saw a boy with ice skates Saturday afternoon at the corner of Liberty street at Madison avenue.

The fact that the stream was fast filling with ice and snow was furring down on their backs did not worry a flock of ducks in Big Run at Moravia street Saturday. Cold water doesn't bother them.

Those young fellows who are constantly practicing basketball shots behind the wool storehouse on Moravia street at the Gardner avenue viaduct, have the spirit alright. On Saturday in the midst of the snowstorm they were going right along with their practice. A bonfire had been built nearby.

Three or four youngsters on North Cedar street Saturday afternoon were out roller skating. The sight was a little odd because there was a rather heavy blanket of snow falling at the time.

That automobiles come to sudden and unexpected ends is apparent from the number of cars in the South Mill street grave yards that have the last inspection stickers on their windshields. One of the cars had on its windshield the current sticker issue, one of the pink ones. That car must not have fallen apart without a jar of some sort.

## Union High School Building Damaged By Burglar's Work

In an effort to steal whatever articles of value they might find, burglars committed considerable damage Saturday night when they forced their way into Union township school on Scotland Lane. Discovered at work by Earl Ammons and Albert Pelco they abandoned articles they had assembled and fled before State Policeman Engle could reach the scene. He tracked two men from the Scotland Lane school to Greenwood avenue by shoe prints in the snow. However, traffic there obliterated the tell-tale trail.

The burglars entered the rear door of the building by smashing a pane of glass and unlocking the door.  
They pried open the doors of several classrooms after smashing the panes of glass.  
The doors were so badly damaged it is probable all of them will have to be replaced.  
The door leading to the cafeteria was damaged also and the glass smashed.

(International News Service)  
PITTSBURGH, Feb. 6.—Hunt for the youth "with the scratched face", wanted in the killing of Helen O'Connor, New York school girl, turned to Pittsburgh today after a woman reported riding a bus from New York to this city beside a young man who tried to hide a wounded cheek.

The woman telephoned police after reading accounts of Helen's slaying in newspapers. The youth sat in a rear seat in the bus, she said, and appeared nervous as he tried to hide injuries on his face.

He left the bus at East Liberty, a suburb, she said.  
Police started searching for a man with a scratched face after particles of flesh and dried blood were found beneath Helen's fingernails. Her body was found last Thursday, six days after she disappeared.

## Fire Threatens Coney Island

(International News Service)  
NEW YORK, Feb. 6.—Fifty pieces of fire apparatus and more than 200 firemen were rushed to Coney Island early today to battle a five-alarm fire which broke out in the concession section.

Five small buildings and a ride concession were swept by the flames, fanned by a high wind.  
Early reports stated an entire block between West 11th and West 12th streets, from the Boverly to the boardwalk, was afire with the flames threatening the boardwalk.  
The blaze started in a section immediately adjacent to that swept by fire last summer with loss of more than a quarter of a million dollars.

NEW YORK, Feb. 6.—Fire sweeping through the amusement center of Coney Island was brought under control today after causing damage estimated at more than \$250,000.

GROVE CITY, Feb. 6.—Grove City's taxes were reduced 3 mills at the regular meeting of the Borough council held Friday evening in the Borough building. The new millage will be 12 mills as against 15 of the year 1932 and will be distributed as follows: 8 mills to the General Fund; 1-2 mill to the floating fund; 1-2 mill, 1931 bond issue; and 3 mills to the 1923 bond issue. This will mean a reduction of \$12,000 in taxes to the residents of the community.  
Other matters taken up at the meeting included the advertising for bids for lubricating oil and the garbage disposal by the secretary; and the passing of various ordinances, under consideration.

## EAST SIDE HOME HAS SECOND FIRE

Fire, of undetermined origin, destroyed the six-room frame house, owned and occupied by Charles Mooney, at 18 West Big Run street Sunday morning at 1:15. The loss is \$4,000 partly covered by insurance.  
The Mooney family was away from home at the time of the blaze, and when firemen arrived on the scene, the entire structure was ablaze inside, making it impossible to save anything.  
Two lines of hose were laid by No. 5 and B truck departments, but by the time water had been gotten onto the fire, the home was practically doomed.

**Have Second Fire**  
Damage of \$500 occurred in the home of Joe Palus, of 1214 Randolph street, Sunday morning at 8:25, the blaze being of undetermined origin.  
Mr. Palus had arisen and gone to the cellar to stir up the fire in the furnace and when he came upstairs again, found the pantry ablaze. He called to his wife and children, who escaped from the home over the porch roof.

The fire burned its way up through the ceiling of the pantry and into the kitchen of the home.  
A serious fire occurred in the Palus home on the morning of January 2, during the absence of the Palus family, when damage approximately \$2,000 was done. Insurance in the amount of \$7,000 was carried on the home and contents, it is stated.

Mrs. Palus told Fire Chief Stockman that a painter had been working in the pantry Saturday afternoon with a gasoline blow torch and believes the fire must have started from this cause.

## Old Officers Are Re-Elected By Wool Growers

Annual Meeting Is Held In  
Liberty Grange Hall  
On Saturday

## PRIZES GIVEN IN WOOL EXHIBITION

Last year's officers were re-elected at the annual meeting of the Lawrence County Wool Growers Association held in Liberty Grange Hall Saturday. The meeting was one of the best yet held and the finest exhibition of wool ever shown by the members was one of the features.

The business session was held in the morning, resulting in the election of the following directors: S. B. Hayes of North Beaver; R. P. Beales of Scott township; J. L. Burton of Scott township; J. G. Russell of Little Beaver; G. M. Fullerton and D. P. Kyle of North Beaver and W. F. McCracken of Scott township.

The directors, met following their election and re-elected the old officers who had served last year, as follows:

President, S. B. Hayes; vice president, J. L. Burton; secretary and treasurer, W. F. McCracken.

At the noon hour, a banquet was held, served by the ladies of the Liberty Grange, when John Robinson, president of the Mercer County Wool Growers Association, presided as toastmaster.

Musical entertainment was provided by Raymond McCracken of Scott township and C. D. Montgomery of Bessemer.

W. B. Conwell, sheep and wool expert of State College, spoke on "Wool Marketing in Pennsylvania," and B. C. Stevens of Pittsburgh gave an address on "Lamb Marketing."

Remarks were made by Harold Waha, county agent of Mercer county; R. H. McDougall, county agent of Butler county; Ross M. Grady, Beaver County agent; J. Audley Book, Master of the Pennsylvania State Grange; Mrs. J. Audley Book; D. F. Kyle and W. M. C. Drake, past presidents of the association.

## MRS. ANNA McNEIL HELD ON CHARGE OF SLAYING HUSBAND

## Faces Charge

MRS. ANNA McNEIL

## Self Defense May Be Plea

Accused Mrs. McNeil De-  
clares Husband Was  
Beating Her

## DIDN'T INTEND TO KILL HIM SHE SAYS

Self-defense will be the defense of Mrs. Anna May McNeil, who is accused of shooting her husband to death Sunday morning at 1:45 in their home on the Wilmington road near Walmo. She makes no attempt to deny the fact that she shot her husband, but she tells a story of previous abuses, blows and threats that led up to the shooting.

Mrs. McNeil is a young woman of 23, blonde and rather pleasing in appearance. She was born in New Castle, educated in the New Castle schools and has resided here all her life. Those who know her intimately say that she was of a quiet disposition and never had been mixed up in trouble.

**Not Talkative**  
The horror of what has been done may have been responsible for her reticence today in the county jail. Under her right eye there still remains a black and blue bruise, caused, she claims, by a blow from her husband on Sunday morning. She was nervous and as she talked she paused now and then, apparently mentally reviewing what had gone before.

As she sat on the long bench outside her cell in the county jail Mrs. McNeil told her story of what had happened in the home. How the guests had left, how her husband had started to abuse her and how in desperation she shot him as he renewed the attack in the bedroom of their little three-year-old boy, Lee, who was lying asleep.

Her statement follows:  
"We had had a small group of friends in for the evening. Mr. and Mrs. Ernest Webber, Miss Grace Morrissey and Arthur Carpenter. They came out some time near nine o'clock, and shortly after Harold suggested that we get some sandwiches. Mr. Webber and Harold went down to the store and returned in about 15 or 20 minutes.

"There was a small amount of liquor in a bottle in the cupboard and Harold mixed some highballs. Later we danced to the music of the radio and about one o'clock the guests went home.

"All evening Harold had been acting in a sulky manner, although he had done nothing out of the way. Shortly after the guests left he said to me, 'I've beaten you before, but that's nothing to what you are going to get.'"

"He started after me while we were on the first floor of the house and I ran upstairs. I was frightened, for I knew he was going to beat me."

"Harold came upstairs after me. There was a gun on a wardrobe which my father had left when he went to Martin's Ferry. I guess I picked it up and ran into the baby's room."

"Harold followed me in and hit me twice, grabbed my dress and tore the sleeve out of it and I began to cry. I begged him to leave me (Continued On Page Two)

Tragedy

## HAROLD McNEIL SHOT TO DEATH

Accused Widow Charges  
That He Was Beating  
Her When Shot  
Was Fired

Anna McNeil, 28, shot and fatally wounded her husband, Harold McNeil, 34, it is alleged by county police officials about 1:45 a. m. Sunday in their Walmo home, as the aftermath of a Saturday night party. He died about 20 minutes later. A .32 calibre revolver bullet entered his right breast causing an internal hemorrhage. Mrs. McNeil is in the county jail. A charge of murder will be preferred against her today, according to County Detective H. M. Lee.

Mrs. McNeil is said to have told several persons her husband called her an uncomplimentary name, accused her of having invited male members of the party to dance with her; and to have made a physical attack upon her. She claims she tried to "back away" from him when he attacked her in an upstairs bedroom. He fell upon a bed where he passed away.

## Two Children

The killing made two children fatherless. They are J. Lee, a son aged 3, and a daughter, Betty, aged about 6. The latter is residing with the woman's parents, Mr. and Mrs. H. A. Jones who have been living at Martins Ferry.

When the woman was arrested by County Detective Lee and State Policeman Engle, the baby son, a bright chap, was allowed to accompany his mother to the county jail by Sheriff Frank Johnson and Deputy McBride.

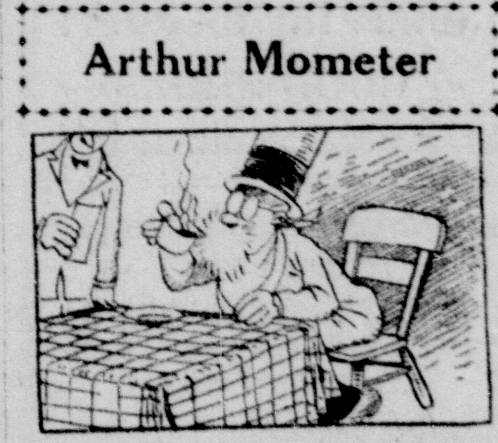

According to County Detective Lee, State Policeman Engle and Coroner Orville Potter there had been a party at the McNeil home. It started at 10 o'clock Saturday night when McNeil invited and accompanied Mr. and Mrs. Ernest Webber, Arthur Carpenter and Grace Morrissey to his home.

Radio music, dancing, a luncheon and a few drinks featured. At one o'clock, it is reported the guests departed. At 1:45 a. m. McNeil was shot fatally and within a short time the self-made widow was in the county jail.

**Runs to Neighbors Home**  
After the shooting Mrs. McNeil ran from her home to neighbors. Hysterically she sobbed out the tragic story. She asked them to summon a physician. When she heard her baby son crying she ran back to her home.

The neighbors Mr. and Mrs. W. D. Snyder and Thomas Richards who previously had not been in the McNeil home, hurriedly went there. Snyder, Richards and Mrs. McNeil, (Continued On Page Seven)

And I sadly agreed as I shoveled in coal, that these days for my friend are just fine, for the bin is depleting, the coal is way down and the weather is just twenty nine.

# SEE SHOWDOWN ON SUNDAY BASE BALL BILL

## House Near Vote On Moot Issue

Not Likely That Other Big Issues Will Come To Vote This Week

### LEGISLATURE WILL RESUME TONIGHT

By ROBERT F. GORMAN  
International News Service  
Correspondent  
HARRISBURG, Feb. 6.—A showdown on the Sunday baseball bill in the house may be the sole achievement this week in what is considered the realm of major controversial legislation. Virtually all other legislation of the first rank—relief, education, and budget bills—were still in a hazy background today. The new week, opening tonight, may determine definitely whether the primary repealer went back to committee merely for amendments or whether the move was to give its backers the opportunity to corral votes.

The elections committee, headed by Senator John W. Howell, Lackawanna, is decidedly friendly to the bill. There would be no calendar in getting it back on the calendar, but the committee has no desire to hasten the day when opponents may crush it.

**Sunday Law Paramount Issue**  
If the primary repealer remains eluded, the Sunday law modifier will be the paramount issue of the week. The measure permits local option on Sabbath baseball. If plans of its backers succeed, the bill will pass on second reading in the lower branch tonight and its friends and foes will be placed on record tomorrow during a special order of business on final passage. Liberals hope to see the modifier in the senate by Wednesday.

Beyond the drive for Sunday baseball, indications are there will be little if any effort during the current session to break down the current laws further. Liberals admit they will be satisfied for the present with the one achievement and will allow provisions for Sunday moving pictures and other commercialism to rest in peace for ten.

Likewise, the bills to repeal the Snyder-Armstrong prohibition enforcement act are conceded to be fairly well isolated unless congressional action before the assembly adjourns demands their recall.

**Limit Highway Work**

More may be heard of proposals made by Speaker Grove C. Talbot over the week-end to limit the activity of the Highway department to maintenance work during the next two years and to return motor fund money, which otherwise would be spent on construction, to the various counties for food and work relief.

Talbot is of the opinion that by this method the state would be able to care for the unemployed and at the same time eliminate the possibility of any increase in the gasoline tax.

The senate is scheduled to act finally tonight on a series of bills.

## Lawyers Debate Barry's Fate In Capital Today

Likely That "Jury" Of Senate Lawyers Will Recommend Removal From Office

### CHARGES ARE NOT BACKED UP

(International News Service)  
WASHINGTON, Feb. 6.—A "jury" of senate lawyers today pondered the immediate fate of David S. Barry, the sergeant-at-arms suspended by the senate for an unsubstantiated charge that members of congress take bribes for their votes.

The "jury" composed of members of the senate judiciary committee, is expected to find Barry "guilty" of an unjustified attack on the integrity of members of congress. Likely, it will recommend his immediate removal from office and suggest his prosecution for criminal libel. Barry waited in his old office to be called by the committee to discuss his attendance.

Dr. John McConahy, who resides at the top of the North Mercer street hill, at Lincoln avenue, performed a civic task of no little importance, late Saturday afternoon, when he and a couple of assistants ashed part of the North Mercer street hill, near Lincoln avenue. The work enabled many motorists to make the top of the hill, when otherwise its slippery condition would probably have halted all traffic.

Late Saturday night was one of the worst for auto driving that has been experienced in many months. The blizzard clinging snow swept pelled to get out and clear the headlights every little bit, in order to make progress on the highways.

Pa Newc is in receipt of the following note:

In an issue of The News, Pa Newc observes: "Do you know of one thing that is manufactured locally that benefits by export?" Are the churches all practicing "Buy American" or patronizing home talent? There are three churches that employ out of town musicians—organists, singers or directors, one that pays an organist and two singers from Youngstown, Ohio. In these times that a help to local musicians toward paying their city and county taxes?

Now I ask you?

Pa Newc wonders what the poor robins, who have been spending the winter in these parts, thought about the weather during the last two days?

Several automobiles have been noted on the street lately, which have the front license plate hidden behind the bumper. The state motor vehicle code expressly forbids this.

One motorist this morning forgot that ice is slippery. (He remembered the fact, however, when his car turned around at the corner of North and East streets.)

Men whose work requires them to ride around all day on horse-drawn open wagons, have solved the heat question just about as well as it can be solved. They feed coke and coal to a smoldering fire in a tin bucket at their feet. With just a little attention such a "stove" will last all day and sends out a great amount of welcome heat.

The truck sleepers of North Jefferson street were not envied by anyone last night. It is a mystery how they could have lived through Jack Frost's attack. Pa noticed one large truck still parked there at ten o'clock this morning. Perhaps the driver hasn't thawed out yet.

"I had never shot a gun off in my life, but somehow I got nerve enough to pull the trigger. The bullet did not go into the floor. Apparently the gun kicked up and the bullet hit Harold somewhere. He staggered over the bar and I don't know if he was wounded, but where I don't know.

"I ran over to Mrs. Snyder's and told her what I had done and asked her to call a doctor. Then I ran back to our house and got some water in a basin and a rag. town for a little window shopping yesterday were disappointed because the windows were so frosty they might as well have been beaver-board.

Dr. John McConahy, who resides at the top of the North Mercer street hill, at Lincoln avenue, performed a civic task of no little importance, late Saturday afternoon, when he and a couple of assistants ashed part of the North Mercer street hill, near Lincoln avenue. The work enabled many motorists to make the top of the hill, when otherwise its slippery condition would probably have halted all traffic.

Late Saturday night was one of the worst for auto driving that has been experienced in many months. The blizzard clinging snow swept pelled to get out and clear the headlights every little bit, in order to make progress on the highways.

Pa Newc is in receipt of the following note:

In an issue of The News, Pa Newc observes: "Do you know of one thing that is manufactured locally that benefits by export?" Are the churches all practicing "Buy American" or patronizing home talent? There are three churches that employ out of town musicians—organists, singers or directors, one that pays an organist and two singers from Youngstown, Ohio. In these times that a help to local musicians toward paying their city and county taxes?

Now I ask you?

Pa Newc wonders what the poor robins, who have been spending the winter in these parts, thought about the weather during the last two days?

Several automobiles have been noted on the street lately, which have the front license plate hidden behind the bumper. The state motor vehicle code expressly forbids this.

One motorist this morning forgot that ice is slippery. (He remembered the fact, however, when his car turned around at the corner of North and East streets.)

Men whose work requires them to ride around all day on horse-drawn open wagons, have solved the heat question just about as well as it can be solved. They feed coke and coal to a smoldering fire in a tin bucket at their feet. With just a little attention such a "stove" will last all day and sends out a great amount of welcome heat.

The truck sleepers of North Jefferson street were not envied by anyone last night. It is a mystery how they could have lived through Jack Frost's attack. Pa noticed one large truck still parked there at ten o'clock this morning. Perhaps the driver hasn't thawed out yet.

are understood to be sending frantic messages to Miami to the general effect more good could be done by leaving most of the old timers at their desks on the floor than by promoting them to the "official family."

According to pre-inauguration dope, four men are due to step up into cabinet jobs. They are: Senators Cordell Hull, of Text secretary of state; Carter Glass, of Virginia, who is being importuned to become secretary of the treasury again; Thomas J. **Workman Killed In Texas Blast**

Arguments Heard In Holliday Will Case

One Probably Fatally Injured, And Three Others Seriously Injured

(International News Service)  
DALLAS, Tex., Feb. 6.—One man was instantly killed, another was probably fatally injured in a terrific dynamite blast in the levee district of the Trinity river here today.

William Hughes, 30, was killed when a "dud" charge of dynamite exploded suddenly.

J. O. Mizell, a co-worker with the

blasting crew which was operating in a low tunnel near the levee, was seriously injured and physicians did not expect him to survive.

Arguments were heard at county court this morning on a motion for a new trial in the Hiram Holliday will case. This case, which was brought by Frank R. Holliday against Jessie McNeish, resulted in a verdict for the defendant. The point at issue was the validity of a will alleged to have been made by the late Hiram Holliday. The jury found that Holliday was not in a condition to have made the will at the time it purported to have been executed. There had been a previous will which it was claimed was made when Holliday was of sound mind.

## D. A. R. MEMBERS PLAN COLONIAL TEA PARTY

Mrs. Ellwood Gilbert received the Daughters of the American Revolution in her home Saturday afternoon, Feb. 4, for their regular session. Mrs. James T. Ray, regent, presided.

Mrs. Francis E. Sowersby was elected delegate to represent Lawrence chapter at the 42nd continental congress, to be held in Washington, D. C., April 17-21. The following alternates were elected: Mrs. A. H. Fullerton, Miss Elizabeth Sowersby, Mrs. Earl S. McCombs, Mrs. Helen S. Newell, Mrs. Gertrude McClintock, Mrs. Bessie Piller, Mrs. M. Crawford, Mrs. Harry Gormley, Mrs. F. P. Urey and Mrs. Benjamin Beisel. Mrs. James T. Ray will represent the chapter as regent.

The "President General's Message" was read by Miss Jane Love. "The Lady of God's," by Ruth E. Finley was given by Mrs. Harry Gormley. The latter depicted in a graphic way the many achievements in the life of Mrs. Sarah J. Hale and her association with Gladys's magazine.

A social hour followed and Mrs. Francis Sowersby presided at the lovely tea table, centered with choice flowers and tall yellow tapers were used in silver holders. Delicious refreshments were served by the February group, namely: Mrs. E. F. G. Harper, Miss Olivia Griffiths, Mrs. E. J. Hamilton, Miss Nettie Hinkson, Mrs. H. D. Horner, Mrs. C. M. Hunt, Mrs. John Huston, Miss Minnie Jackson, Mrs. Mary L. King and Mrs. Wayne Stitzinger.

The next meeting will be in the form of a "colonial tea" party and is scheduled to take place February 22 at the home of Mrs. C. S. Royce, 13 East Lincoln avenue.

## How to Lose Fat a Pound a Day on a Full Stomach

Do Just These Two Simple Things

Fat Melts Away

Science has made important discoveries in fat reduction. The average fat person can now rip off fat a pound a day—four to seven pounds every week!—on a full stomach, with never a hungry moment. Thus it is foolish now to stay fat.

This is what you do: Take a teaspoonful ordinary Jad salts in a glass of water a half hour before breakfast every morning. This reduces moisture-weight instantly. Also cleanses the system of the waste matter and excess toxins that most fat people have, and banishes puffiness and bloat. Then do this about eating. **PILL YOUR STOMACH**—eat your fill of lean meats, vegetables like spinach, cauliflower, cabbage, tomatoes, etc., and lots of salads. Eat a lot. Eat all you can hold. Don't go hungry a minute! Cut down on butter, sweets and desserts, bread. Eat any fruit for dessert.

That's all you do. Fat seems to melt away. The coarse lines of overweight give way to the refined ones of slenderness. You lose as much as a pound a day. You feel better than for years. For in this treatment you achieve two important results. The Jad Salts clears your system of tox-

## A LEADER NEEDED

PRESIDENT-ELECT ROOSEVELT must rule congress with an iron hand if his administration is to accomplish anything during the next year or two. A Democratic majority in both houses of congress is no guarantee of abject submission to the will of the white house. Perhaps the nation has no greater need today than a strong minded, determined and domineering chief executive.

Look back through the years to the formation of the union. Every president who stands out conspicuously was a fighter.

George Washington was an autocrat in every sense of the word. Andrew Jackson was a tyrant. Abraham Lincoln saved the union by despotic rule. Congress early learned to respect Grover Cleveland's word as law. No king ever had more power than Woodrow Wilson had during the World War, and he exercised it.

Too many other presidents compromised, instead of ordered. Theoretically, congress alone wields the legislative power, and, while the president may recommend legislation, his duties are purely executive. But in practice congress seldom accomplishes anything of a constructive nature without leadership from the white house.

Theodore Roosevelt's "big stick" looked dangerous. Franklin D. Roosevelt's "big stick" must be "loaded" and be dangerous instead of merely looking dangerous.

## REPORTING VS. PROPAGANDA

The striking difference between newspaper practice in the United States and newspaper practice in most European countries was emphasized not ago by William R. Castle, undersecretary of state, in a speech at Philadelphia.

When new developments in foreign relations occur at Washington, Mr. Castle pointed out, American newspapers naturally differ in their comment. Some support the government's policy, others condemn it. But all of them, no matter what their editorial policy, tell their readers exactly what happened, and tell it in a free, unbiased manner.

Overseas it is apt to be different. Outside of Great Britain, the press seldom tries to give a straight-forward and unprejudiced account of foreign news. Hunting for facts, the reader gets propaganda. Only rarely does he get a straight and uncolored story of what actually has happened.

## HUEY LONG AS A CABINET BUILDER

One of the functions of a president which he usually reserves to himself is the selection of his cabinet. The members are selected, not only because of their presumed ability to manage the departments of the government, but also on account of their value as advisers of the Chief Magistrate.

In picking his cabinet the new head of the nation is open to suggestions and recommendations; but no one thinks of making a "campaign" for any of these positions. At least no one did until Huey Long broke into the national arena. At the moment he is engaged in booming Representative Henry B. Steagall of Alabama for secretary of the treasury. It is reported that the "Kingfish" has sent out thousands of letters asking the recipients to "wire and write" to President-elect Roosevelt, urging the appointment of Mr. Steagall, who is chairman of the House Banking and Currency Committee. He says this would give the people a "real secretary of the treasury" and one who "understands all problems."

It is by no means certain that Mr. Steagall is a candidate for the office, but if he did aspire to it he could not have had his name presented in a more unfortunate manner. Any man in Mr. Roosevelt's position would be annoyed at being made the recipient of thousands of form letters and telegrams begging him to name a certain person in his cabinet. A spontaneous demand for some outstanding person is one thing; the manufactured boom for one less known is quite another. But there is a strong suspicion that Senator Long is not so much interested in having Mr. Steagall appointed as he is in having Senator Glass rejected. His method is a left-handed way of fighting the able gentleman from Virginia suggests the Philadelphia Inquirer. It is reported that the Steagall letters have been sent out under the frank of Senator Long. If so, it is a gross abuse of the franking privilege.

In any event the new president will soon be called upon to make a choice between Carter Glass and Huey Long; and the selection will surely have an important effect upon his administration.

## MIS-DATED MAGAZINES

Now that future "lame duck" sessions of congress have been eliminated, can't something be done about pre-dated magazines? They all err in this regard, but the weeklies are worst of all. Says Says Howard Vincent O'Brien in the Chicago Daily News:

"One of the minor madnesses of the time is the effort of magazine publishers to beat each other getting on the stands. One national weekly gets out so far ahead that it is on sale before the date of the previous week's publication. It Santa Claus cover was on the December 31st issue, published on December 23. A well known monthly delivered its New Year's message in the February number which came out early in January."

It is ridiculous. The articles, stories, editorials, illustrations in any given issue would be just as interesting regardless of the date. No publisher really beats another to the news stands simply by pre-dating his magazine. The publisher who first had the courage to date his publication according to the actual time of its appearance might even interest additional readers. They would be convinced of his honesty and initiative reflected in the contents of his magazine.

It would not be difficult to make the change. The pre-dating national magazines could all agree to come out one week dateless, and the following week and all weeks thereafter to use the date indicated by the calendar.

Still, an argument is profitable if you really enjoy hearing yourself talk.

Old-fashioned ideas may be the best at times, but you can't run an auto by feeding it oats.

It's a level mind which realizes all things are extremes and lops off or adds to accordingly.

According to one newspaper correspondent the new administration will use the war debts to bargain with for increased world trade. All right, just so we don't agree to cancel the debts in return for increased shipment of goods from Europe.

## All Of Us

## JUST VANITY

A family in the country owned a peacock, and this peacock was vain. He used to fly into a big cherry tree and look through a bathroom window into a wall mirror and admire himself for hours. One while he was preening himself he pulled the curtain down and he was furious. Finally, they found an old mirror and attached it to a limb in the tree and thereafter he'd spent hours and hours in delicious enjoyment of himself.

Don't tell me that peacocks are not really vain. That peacock surely was, and I'm inclined to think that everything in life is inclined to like itself.

There's a period in life when young things, boys and girls, cannot pass a mirror—in the home or on the street—without looking to see how beautiful they are; or to suffer acute agony over their ugliness. Both excessive pride and excessive shame may be forms of vanity.

But after a while they learn to conceal some of their vanity. They discover that although all people are vain, hardly any of us wish to admit it. Narcissus was vain and spent his days looking in the mirroring brook, but he probably expected that he did it only so that the brook might see itself in Narcissus' eyes. So we conceal our vanity as much as we can.

There was a man who said, "I try to be humble and, after a fashion, I succeed. But I am never able to forget that I am being humble and I am usually proud of my humility." And I know another man who said, "I'm the worst blankety-blank in all the world," and groaned in self-lacerating shame, but that's a kind of vanity, too.

## GOSSIP.

You are not averse to thinking the worst about the young man or the young woman who has wandered even a short way from the right path.

In fact you are quite likely to circulate gossip that comes your way.

Have all your own family been above reproach, that you may judge? So far, your own sons and daughters have not transgressed beyond the limits set by convention.

But obeying the impulses of youth, they may yet make a false step.

Of course you think YOUR children would not go too far.

Most parents think the same about their own.

Even those whose children have taken serious wrong steps are still confident that their own wouldn't do wrong of themselves and they were so confident as you are that they would go straight before they took the misstep.

They say: "Look at their parentage, their home environment, their general good training and the sort of blood they have in their veins." They feel sure that it would be impossible for them to do anything that would embarrass or sadden the home folk.

Remember that others have been as sure as you for as good reason, yet they have made thoughtless mistakes with regrettable consequences, so be more charitable and don't circulate gossip about other folks, young or old.

## De Valera Victory In Ireland Laid To Extremist Policies

Uncompromising Advocate Of Economic And Political Independence Held To Have Established Confidence Among Supporters

American observers of the election in Ireland, with its triumph for Eamon de Valera, see strong endorsement for the uncompromising policies of that leader, and evidence of a large personal following due to confidence in his ability as an executive. It is believed that the economic separation from Britain will bring difficulties.

The national ideal conquered, over a regaining of the British market," says the PROVIDENCE BULLETIN, pointing out that "the farming areas, hardest hit by the Anglo-Irish tariff war, supported the candidates of Mr. De Valera." The SCRANTON TIMES emphasizes the point that "he has revived, as a national ideal, a self-supporting Ireland, consoling the Irish farmers with the thought that eventually England would turn to other markets anyhow." The ROCKFORD REGISTER-REPUBLIC concludes that the results "serve further notice on England that Ireland is determined to go the full route for complete economic independence."

Reviewing the issues of the election, the ATLANTA JOURNAL offers the explanation: "Last June the de Valera government withheld the semi-annual payment of the so-called land-purchase annuities, amounting to some one and a half million pounds then due to Great Britain under agreements made by the preceding administration from 1921 through 1926. After fruitless attempts to arbitrate, the British Parliament passed a bill empowering the treasury to impose tariffs up to one hundred per cent on imports from the Irish Free State as a means of recovering the unpaid annuities. A duty of 20 per cent was put into effect on July the fifteenth. Five days later the de Valera party in the Dail retorted by authorizing a retaliatory tariff on British imports into the Free State and appropriating an emergency fund of two million pounds for 'economic war'."

President de Valera," suggests the WASHINGTON EVENING STAR, "may now proceed full steam, and probably will, under what he has reason to regard as a national mandate to cut loose from British authority over the Free State." The Star feels that "his courage challenges admiration," in view of the fact that "England, Scotland and Wales are the Free State's richest and virtually indispensable market."

"The really interesting thing about the election," thinks the ROCHESTER TIMES-UNION, "is the evidence of the strength of the political motives, when weighed in the balance against economic interests." That paper is convinced that "the effort to build up new markets is likely to be long and painful." The CHICAGO DAILY NEWS adds that "viewed from the inside, the tactics of economic self-sufficiency a country

## Share-The-Work Movement Gains

Department Of Commerce Reports Widespread Interest In Nation Wide Plan

Increasing interest in the share-the-work movement is being manifested over the country as it is in Lawrence county, according to John W. Offutt of Ellwood City, chairman for this county. The following article appeared recently in the New York Herald-Tribune bearing on the movement.

"In the midst of the controversies over technocracy and cognate panaceas for the present economic dislocation it is encouraging to note that the 'share-the-work' movement is steadily gaining ground. Quietly, under the inexorable pressure of its homely logic it is resisting the tide of unemployment while our messiahs paw the air in argument over schemes to inflate the currency or remake the world. The Department of Commerce reports that already it has received 105,000 answers to the 400,000 questionnaires which it dispatched to employers of labor on December 15 asking them what they were doing or would do to participate in the 'share-the-work' movement. A cursory examination of these returns indicates that 82 per cent of their sponsors are now operating on the 'share-the-work' principle.

This calls for such a division of hours or days or weeks among the workers that the employment available may be shared by as large a number as possible. No set schedule is insisted upon, such as a four-hour day or 30-hour week, the purpose being to encourage every industry to make that adaptation that best suits its convenience. A study of 2,500 reports shows many different methods of sharing employment in force, the most common, apparently, being a reduction of work week. Many companies have reduced the working day; others have alternated shifts or individuals; extended vacations without pay, or

## Bronchial Troubles Need Creomulsion

Bronchial troubles may lead to something serious. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action: it soothes and heals the inflamed membranes and inhibits germ growth. Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs. Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold, no matter how long standing, is not relieved after taking according to directions. Ask your druggist. (Adv.)

rotated days off. The point is that by these various devices this particular group has been able to retain about 21 per cent of the workers it now employs (who would otherwise have been dismissed) and actually to add another four per cent. Moreover, it gives promise of finding jobs for two per cent more as a result of further employment sharing. No doubt there are in this lot examples of pious fraud, of employers who are using the 'share-the-work' movement as an excuse for paying starvation wages or whose subscription to it is mere pretense. But it is impossible to sneer off or to believe that this is not helping materially to mitigate the worst effects of the depression. Certainly if the movement is responsible for the employment of anything like 25 per cent more workers than would otherwise have jobs, it is demonstrating a greater usefulness in the emergency than all the visions of our earnest planners put together.

## Du Pont Heir Is Forced To Land Near Greensburg

Son Of Wealthy Du Pont Family Flying To Kansas City Is Downed By Snow Storm

(International News Service) GREENSBURG, Pa., Feb. 6.—Richard Du Pont, 24, member of the socially prominent DuPont family of Wilmington, Del., was to attempt to take off in his plane today from the ice and snow-crusted brink of Chestnut Ridge, 14 miles from here, where he was forced down by a blinding snowstorm.

With the help of Norman J. O'Brien, Greensburg-Pittsburgh airport manager, DuPont yesterday cleared the trees surrounding his plane to make a runway for the takeoff.

He said if he failed to get the ship into the air he would have it dismantled and shipped back to Wilmington.

Young DuPont narrowly escaped death or serious injury when the ship was forced down in a wooded area and came to a halt just five feet from the edge of a 100-foot precipice. He was en route to Kansas City when blinding snow made him abandon the flight.

## WHAT IS THE WORTH

Of a verdict that robs us of our peace of mind?  
Of a joy that we do not dare to confess?  
Of a home in which there is only contention?  
Of a church membership that is not being used?  
Of a religion that is rusting away?  
Of a business that gives us no satisfaction?  
Of a library that no one ever reads?

## BIBLE CLASS IS GROWING AT PULASKI

(Special To The News)

PULASKI, Feb. 6.—The J. R. Meek Bible class of the Pulaski M. E. church held their monthly meeting recently. The class is growing rapidly. Twenty-five members were present. Following a brief devotion, a period of devotion by J. R. Meek, class chaplain, the president of the class, Lawrence Mitchell, presided at the business session.

As a surprise to the members President Mitchell introduced George Rettig of Sharon, who entertained with feats of magic and humorous drawings. His last picture was a beautiful color scene which may be seen on the class wall at the church.

The remainder of the evening was spent in playing of dominoes and checkers, piano music by the class pianist, E. Reese, and singing by the class quartet. Later in the evening a delicious lunch was served by the lunch committee, E. L. Ayers, M. C. Fulkerson and Charles Hurd.

The class is looking forward to a bigger and better meeting on the night of February 23. The members present were: E. L. Ayers, J. L. Mitchell, J. P. Clarke, E. C. Bilger, F. M. Clarke, W. B. Mitchell, Rev. Henry Shilling, W. F. Kerr, Silas Sturdevant, J. R. Meek, E. Reese, James Swoger, Russell Michaels, M. C. Fulkerson, Ralph Goddard, Gaylord Cameron, Charles Heard, Ray Hoskins, Charles Clarke, George Pappas, George D. Williams, M. Wible, J. E. Clarke, Samuel Witzel and also George Rettig of Sharon.

ILLUSION: The stage is all set for target practice. The magician lifts his bow and aims an arrow at the bull's-eye. His lovely assistant then steps in front of the target and he shoots the arrow—apparently through her—and it fixes itself in the very center of the bull's-eye! And she smiles through it all while the audience gasps.

EXPLANATION: The arrow which the marksman "shoots through" his assistant simply folds up into the crossbow! The arrow which is actually embedded in the target is shot by the girl herself from a belt concealed under her dress. She releases a little spring, the arrow unfolds, and shoots straight into the bull's-eye! It is all done in a flash! So quickly the eye cannot detect the girl's movements! To heighten the impression that the arrow has gone right through, the girl releases a ribbon from the front of her dress—the continuation, apparently, of the ribbon attached to the arrow in the target.

EXPLANATION: The audience is told that by certain magic processes tobacco can be made as soothing as cough medicine.

EXPLANATION: The easiest cigarette on your throat is the cigarette that is made from the choicest ripe tobaccos.

Cheap, raw tobaccos are, as you would naturally expect, harsh in their effects upon the throat.

It is a fact, well known by leaf tobacco experts, that Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

Camels are as non-irritating as a cigarette can be because Camels use choice, ripe, tobaccos.

And because of the matchless blending of these costlier tobaccos Camels have a rich bouquet and aroma... a cool, delicious flavor.

## Schools To Get Uniform Cut In Financial Aid

Every School District In The State Will Take Financial Cut

**CONSOLIDATIONS MAY TAKE PLACE**

(International News Service)

HARRISBURG, Feb. 6.—Every school district in Pennsylvania would take a reduction in financial aid from the state under the reclassification of the school laws but the poorer districts would receive relatively more aid and the wealthier districts less, according to Dr. James N. Rule today.

The superintendent of public instruction denied parentage of the revised code, stating it represented the composite work of the department of justice, department of public instruction, and the joint legislative committee named for the purpose. He said he approved it in principal only and will suggest amendments.

Under the revisions, authority is delegated to the state council of education to consolidate districts to a minimum size of 5,000 to 10,000 population. The code would establish a new basis for distributing aid to districts, that basis to be computed on the true valuation of taxable property in the district. No fewer than four state teachers' colleges could be eliminated at the discretion of the state council of education.

## "Buy American" Means More Than Acts Of Congress

W. R. Campbell Believes It Is A Quicker Way Of Curing Depression

"Buy American," Legion sponsored effort at defeating the effect of the depression and bringing back greater prosperity than has been known in this country in many years, is gaining recruits on every side, among the people of this city.

Everywhere you hear the believers in this American movement asking whether or not the article sought is American Made and the merchants will tell you that there has been a pronounced increase in the demand for and sale of goods made in the U. S. A.

W. R. Campbell, well known business man of this city and New Wilmington, is another of the business men of the city, who is very much in favor of the movement and is willing to say so.

Mr. Campbell said today "I am and have always been in favor of buying American Made Goods and buying them at home, whenever possible. I believe that the increased employment of American workmen as a result of a united effort of this kind on the part of the American people, will be much greater than as a result of the action of congress on many of the controversial subjects on which it is now giving consideration."

Be American and buy American Made Goods seems to be the proper slogan for the effort of the American Legion to stimulate the business energy of the country through the advocating of the purchase of American made products. It is a good time to start now and to keep it up.

## Rev. R. M. Haverfield Says Farewell Sunday

Pastor At Westfield Presbyterian Church For Nine Years Makes Farewell Address

For the past nine years Rev. Ross M. Haverfield has been ministering to the spiritual needs of the members of the Westfield Presbyterian church at Mt. Jackson, and Sunday he delivered his farewell sermon and administered the Sacrament of the Lord's Supper to them for the last time as pastor, with almost all members present.

The choir sang a beautiful anthem, "O Send Out Thy Light" and Robert Duff had a solo number, "Teach Me to Pray" after which T. A. Stewart, one of the elders of the church, came to the pulpit and on behalf of the congregation, presented Mr. Haverfield with one of the old communion cups of the congregation and on this is to be engraved "R. M. Haverfield, 1924-1933" and with the names of the six elders who have served all through the nine years of the pastorate.

Rev. Haverfield took as his sermon theme "The Conclusion" and took Ecclesiastes 12: 13-14 as his text. "Let us hear the conclusion of the whole matter: Fear God, and keep his commandments; for this is the whole duty of man. For God shall bring every work into judgment, whether it be good, or whether it be evil."

In the evening Mr. Haverfield gave his farewell remarks at the union young people's service.

Dr. S. A. Kirkbride, pastor at large of the Shenango Presbytery, will occupy the pulpit at the Westfield church next Sunday at 11 o'clock.

Rev. Haverfield will begin his duties as pastor of the First Presbyterian church, Monongahela City, Sunday, February 19.

## Island Leaders Planning Visit; Bring Protests

Two Noted Philippine Island Insurrectionists May Come To U. S.

(International News Service)  
MANILA, P. I., Feb. 6—Possibility that Emilio Aguinaldo, noted island insurrectionist leader, may make his long promised trip to the United States in a desperate effort to secure revision of the Haves-Cutting independence bill was seen today following his bitter attack on the measure before a convention of revolution veterans.

Aguinaldo, almost legendary figure of the uprising that shook the islands after their acquisition by the United States, asserted that the measure was a "bad law and Filipino should seek a better one."

Native observers believe that Aguinaldo, and his political foe, Manuel Quezon, senate leader, may bury past differences to present a united front against the bill during their possible visit to the United States.

## MRS. ANNA MCNEIL HELD ON CHARGE OF SLAYING HUSBAND

(Continued From Page One)

according to the two men, tried to ease McNeil's dying moments.

"Oh, Tom, I'm done for," gasped the dying man as Richards, whose duties as pastor of the First Presbyterian church, Monongahela City, Sunday, February 19.

Meanwhile Mrs. Snyder, who had been asked by Mrs. McNeil to notify the guests who had been at her home of the tragedy, telephoned them. All of them, excepting Miss Morrissey returned to the home as soon as possible.

When the physician did not arrive Mr. Snyder put in an emergency call with the telephone operator and an ambulance was rushed to the scene.

The home is one of the most beautiful in Lawrence county and is located on the west side of the New Wilmington highway near where it intersects the road which leads to Highland Heights. It is owned by the woman's parents, Mr. and Mrs. H. A. Jones. When the ambulance attendants examined McNeil he was found dead.

They notified Coroner Orville J. Potter. In the meantime one of the guests had telephoned and retained Samuel L. Clark as attorney for Mrs. McNeil. He in turn notified Sheriff Johnson and upon hearing McNeil had died, Clark hurried to the home.

Sheriff Johnson, Deputy McBride, County Detective H. M. Lee, State Policeman Engle and Coroner Potter arrived at the home and County Detective Lee placed Mrs. McNeil under arrest. Sheriff Johnson took her to the county jail.

The ambulance removed the body and the county detective, State policeman and coroner commenced an immediate investigation.

## Revolver Found

The .32 calibre nickelplated revolver found by Lee and Ted Stritmatter was turned over to Lee. It contained two loaded shells and one empty shell. It was the bullet from this shell that entered McNeil's right breast, ruptured the liver, tore through the right kidney, broke the eleventh rib and lodged "near the wall of his back."

They were told, it is said that Mrs. McNeil admitted to Attorney Clark that she had shot her husband. They also found a black dress. The right sleeve had been torn out. It was inferred, it is said, this had been done in the struggle.

According to persons who arrived at the home after the shooting Mrs. McNeil's right eye was swollen and there was a scratch on the right side of her face. She alleged her husband had struck her producing the swollen eye, officers said.

The authorities found a pint bottle with a small amount of whiskey in it. Mrs. McNeil later admitted at the county jail there had been a few light highballs consumed.

At eight a. m. Sunday, County Detective Lee and State Policeman Engle visited the county jail. They had the deputy sheriff, Russell McBride bring the young woman, who is attractive, to the jail office of the sheriff.

She was advised by Lee of not only his identity but also that of the State policeman. He told her they wished to ask her a few questions. However, she said she could not answer them as she was within her rights if she did not make reply, as anything she might say would be held against her.

Mrs. McNeil was attired neatly. She is a blonde and comely. She was nervous and it was obvious she had been crying. Her right eye was swollen considerably.

Questioned About Party  
She was questioned about the party. She said there had been a few highballs served. She said she had two but added that they were only light drinks. She said some of the fellows had mixed them.

She said that her husband had struck her on the right eye and that she had tried to back away from him. She alleged he had accused her of having asked the men in the party to dance with her.

Mrs. McNeil told the county detective and State policeman that McNeil had beaten her several times since October.

She claimed that she tried to get away last night from her husband when he attacked her but couldn't find the right key. She said she intended to lock herself in a room.

Mrs. McNeil said her husband had been an employee of the Johnson Bronze company. They have been living in her parent's home at Walmo since October, she said.

While Mrs. McNeil was talking to the police authorities, a child started to cry in the jail. The deputy immediately went and got the child. Little "Lee" as his prisoner mother

or called him "an through the big, heavy iron door as it swung open and she lifted him to her lap.

The county detective did not ask the woman any more questions while her baby son was there. Mrs. McNeil was taken back to her cell in the jail.

## Stories Told Officials

Mr. and Mrs. W. J. Snyder and son, Arthur Gray, reside along the New Wilmington highway. Their home is across the highway from the McNeil home.

Mrs. Snyder said she was awakened by pounding on the glass in the door.

"Let me in" appealed a woman who proved to be Mrs. McNeil. Mrs. Snyder opened the door.

"I shot Harold. He called me —"

Mrs. McNeil declared. Mrs. McNeil was hysterical, she said.

"I took hold of her shoulder and set her down. She was screaming."

"She said 'Get Dr. —'" While I was talking to her on the telephone she asked for the phone.

"Mrs. McNeil talked to the doctor and asked him to 'come quick'."

"I told Mrs. McNeil she should be careful what she said. I told her anything she said would be held against her."

Asked how Mrs. McNeil was dressed, Mrs. Snyder replied she wore a man's coat. She wore no hose.

She said, according to Mrs. Snyder: "Listen to my baby screaming." When Mrs. Snyder went outside, Mrs. McNeil followed and left for her own home.

Snyder awakened Thomas Richards, his next door neighbor.

Mr. Snyder said he went to the tragedy scene.

Arthur Gray, son of Mr. and Mrs. Snyder accompanied Thomas Richards to the McNeil home.

Mr. Snyder then took up the story. He said "I went upstairs. I could hear him moaning as soon as I got into the house. The light was on."

McNeil was on the bed. His feet hung out over the bed. I put his feet back on the bed and covered him up. He asked for a drink of water," Snyder said. It was secured for him."

I cut off the shoulder straps of his undershirt and washed him off around the chest. He said: 'Oh, Tom, I'm done for.'"

They said he died about 20 minutes after they had entered the house, which was about 1:50 a. m.

## Telephones Friends

Mrs. Snyder told the authorities Mrs. McNeil asked her to telephone to Mrs. Webber.

Mrs. Snyder did as requested and Mrs. Webber asked: "what happened?" When told Mrs. Webber said she would go to the McNeil house as soon as possible.

Mrs. Snyder said that Mrs. McNeil was "crazy." She meant, she explained, she was hysterical. She said that she noticed her swollen eye and a scratch on her face.

Mrs. Snyder said that Mrs. McNeil told her: "I backed into the corner and said 'Keep away from me.'"

"I asked her what she had done with the gun and she told me she had brought it downstairs," Mrs. Snyder said.

When Mrs. Snyder saw Mrs. McNeil at the home, she said the latter had on a black dress. One sleeve was missing. She says she helped her dress.

"Mrs. McNeil cried and asked, 'Do you think they will lock me up?' I tried to pacify her by saying: 'I do not think so.'"

Mrs. Snyder sat and talked to Mrs. McNeil and held the latter's son on her lap.

Think He'll Live.  
Thomas Richards was asked by Mrs. McNeil:

"Do you think he is going to live?" He shook his head.

She then looked at Mr. Snyder and asked:

"Do you think so?" He shook his head negatively.

The investigators asked how Mrs. McNeil acted while they were trying to make the wounded man as comfortable as possible.

Mr. Snyder said Mrs. McNeil had helped him to administer to her dying husband. "She got me everything I wanted."

When Mr. and Mrs. Snyder and Mr. Richards entered the house after the shooting it was the first time they ever had been in the McNeil home.

Mrs. Snyder said that Mrs. McNeil told her that her husband had been to town and that he was nasty to her. She said Mr. Webber had brought him home.

Mrs. McNeil also told Mrs. Snyder, according to the latter, that McNeil had invited the members of the party to his house.

None of the persons said the room wherein the shooting occurred showed signs of being "torn up."

County Detective Lee asked Mrs. Snyder if she had seen any glasses. She said yes.

Richards Tells of Crime.  
Tom Richards was then quizzed by the detective and state policeman. He said his wife awakened him. She said: "Anna Mae has shot Harold."

"She told me that Mr. Snyder had tried to awaken me."

Richards went to the house where the fatal shooting took place. "I tried to pacify her by saying: 'I don't think so.'"

Mrs. Snyder said she was in and helped Mr. Snyder. McNeil, with his eyes half closed, recognized his voice. He said that McNeil had said to him: "Oh, Tom, I'm done for."

had hardly gone to bed when the telephone rang and told of the shooting."

Had Been Drinking.  
In the opinion of the men who were guests in the home of the McNeils, he had been drinking. "He was sullen all night," said Arthur Carpenter.

"We had merely gone out for an hour or two after work," said Mrs. Webber. "Anna and I have been friends for years and visited back and forth. She often came to our house and I went to hers. The visit Saturday night was not a party, merely four of us calling for a couple of hours in a social way."

"Her statement that Harold beat her is true. I have seen her with black eyes and I know that he did beat her."

Parents Prostrated.  
Mr. and Mrs. Harry A. Jones, parents of the accused woman, arrived in New Castle early Sunday morning after a hard trip over snow covered highways from Martins Ferry, O., where Mr. Jones is a foreman for the American Sheet & Tin Plate company.

Mr. and Mrs. Jones are well-known and highly respected in New Castle. Some 34 years ago when the tin mills were just getting under way he came here as a young man. He was advanced gradually and had a responsible position in the New Castle works of the American Sheet & Tin Plate company when that mill shut down a year ago.

Originally he lived on Hamilton street, later built a home on the east side and still later bought the home on the Wilmington road where the shooting occurred. Anna May was an only child and their care for her did not end when she was married.

Living in Home.  
"When I was transferred to Martins Ferry," said Mr. Jones, "I told Harold and my daughter that they might as well move into our home at Walmo. They paid no rent, they did not even buy the coal. He was not working much and I was willing to help them just as long as he took good care of the place."

"Since he married my daughter some seven years ago he never bought her any clothes. I always did this. The little girl, Betty Jane, we have kept entirely for the past five years. She lived with us and we provided her with everything she needed. He never bought any clothes for his wife or family."

Mrs. Jones is heartbroken over the affair. "I wanted her to come home at New Years," she said. "I knew that Harold was mistreating her and I begged her to get away from him and his mistreatment. She told me of his conduct time and again but she would not leave him."

The dead was a son of William J. McNeil of this city, his mother having died several years ago. About the time of the World War McNeil was married for the first time but was divorced around 1923 or 1924. His first wife and son still live in New Castle.

The present Mrs. McNeil was a companion of a sister of McNeil's, Myrtle, and for a number of years the two girls were inseparable. Harold McNeil had known Anna May Jones for some time because of this fact.

For several years Mr. and Mrs. William J. McNeil were the caretakers of the Legion Home. Harold McNeil was well known to the younger men and women of the city and had been an employee of the Johnson Bronze company for many years. Recently he had been working only part time.

Inquest into the fatal shooting will be held some time Tuesday, according to Orville Potter, coroner for Lawrence county.

Charge Is Made  
Before Alderman L. C. Mantz, Mrs. Anna McNeil was formally

charged with murder today, arising out of the killing of her husband in their Walmo home early Sunday morning. She will be arraigned and given a preliminary hearing at a later date.

Indications today were that her counsel, Attorney Samuel L. Clark would pursue one of two courses. Either he will make a strenuous effort to have the woman freed at the preliminary hearing on the grounds of self defense or he will ask that she be admitted to bail.

If the former course were adopted it would mean that the defense testimony would be put before Alderman Mantz in its entirety. If the latter course were adopted it would mean a hearing before the court to decide the degree of murder in which Mrs. McNeil would be held.

Should such a course be pursued and the court felt that there was no evidence of first degree murder, she could be admitted to bail. This has been done in a number of instances in this county before, the bail usually being set at anywhere from \$10,000 to \$15,000.

Mrs. McNeil was taken to the city fingerprinting department by County Detective H. M. Lee and assisting officers about 10:30 o'clock this morning, where she was fingerprinted and her picture taken.

Born In Pittsburgh  
Harold Lyndo McNeil was born in Pittsburgh, June 7, 1898, the son of W. J. McNeil and the late Alice Critchlow McNeil and was 34 years of age. He had been a resident of

## Aged Hospital Patient Jumps To His Death

John Gegsinger, 78, Leaps From Homestead Hospital Window And Is Killed

(International News Service)  
PITTSBURGH, Feb. 6.—John Gegsinger, 78, of Millin township, was killed in a plunge from the window of his room on the second floor of the Homestead hospital today.

A coroner's report stated the man had jumped to his death.

Gegsinger had been a patient at the hospital since undergoing an operation last December.

"Believe me, I want a Car that's Safe!"

A CERTIFIED INTERVIEW WITH POLICE LIEUTENANT AMOS ANDERSON, DARIEN, CONN.

"I not only read about accidents... I actually see them in my work. So safety means a lot to me."

"So when I saw the new Plymouth Six I was thinking of a great deal more than its good looks."

"So I looked at other low-priced cars, then came back to Plymouth. Nowadays, I feel a lot safer."

"I gave them all the Third Degree... and then picked Plymouth"

WE'RE all thinking of safety these days. As Lieutenant Anderson says: "It's a nice feeling to have a steel body between you and the other fellow's carelessness."

But safety's just one feature you get in a Plymouth... so let's pass over hydraulic brakes and the rigid-X frame.

In Plymouth you get a big, full-sized car... solidly built! You get a 70-horsepower engine... a "performer" fool on the road, yet mighty easy on your purse, because we've

engineered the excess weight out of the car! Also, it's a vibrationless Six... with that smoothness which patented Floating Power engine mountings alone give.

No wonder Lieutenant Anderson decided that Plymouth offers more for the money.

## War Veterans Affairs

Material For These Articles Is Taken From Government Records

**Disability Compensation (World War):** Provision was made at the beginning of the World War for the payment of disability and death compensation to veterans and their dependents. This article will deal only with disability compensation. First, disability compensation differs greatly from the old method of providing pensions, in the fact that it is payable only to those with disabilities incurred in or aggravated by military service and when first passed, provided for compensation only for disabilities received in line of duty. It might be noted here the various changes that have been made since the original law was passed in 1917. Then it was assumed that only men capable of passing the regular Army and Naval physical examinations would be enrolled for service; in other words, it was assumed that all men entering the Military and Naval Service would be physically and mentally sound. Because of the necessity of enlarging the armed forces as rapidly as possible, physical examinations were hurried, and in many instances incomplete. As a consequence, men were taken into the service with physical and mental defects. The changed life and rigors of service, whether of active fighting nature or simple employment in and around the Military Camps, in many cases, aggravated these defects so that upon discharge, these veterans were in need of financial relief and medical treatment. Congress, therefore, amended the law in 1918, so as to provide that all would be held and taken to have been in sound condition when examined, accepted and enrolled for service. The broad effect of this language, on the strength of which men who came into service with amputations and

other patent disabilities, sought to secure compensation even when the infirmities were noted on the enlistment record, led to a further amendment in 1921, except from the presumption defects, disorders, or infirmities made record of by the military authorities at time of, or prior to inception of active service. The requirement that the disability must have been acquired or aggravated in line of duty was continued until the passage of the World War Act in 1924, when it was eliminated and there was substituted, therefore, language which obviated the necessity of a finding of "line of duty" requiring only that a disease or injury be contracted in the active Military or Naval Service. The enactment of the World War Veterans Act of 1924 brought a new element into play in the rating of disabilities, it being required that ratings be based as far as practicable upon average of impairment of the earning capacity resulting from injuries in civil occupations similar to the occupation of the injured man at the time of enlistment. An entirely new schedule of disability ratings was established, based upon the experience of foreign governments, insurance companies, the various States having workmen's compensation and etc. In some cases this increased and in others it decreased the amount of disability compensation, payable depending upon the pre-war occupation of the veteran. Otherwise, the original theory of the War Risk Insurance Act has remained unchanged in so far as provision for disability compensation is concerned. Actually, however, there have been marked departures, first by the inclusion of the so-called presumption of service origin for certain specified diseases, and second, by the provision for disability allowance for disabilities not the result of Military service. The presumptive service connections have their origin in the amendment of the War Risk Insurance Act in 1921, which in an effort to bring within the law those veterans who were suffering with pulmonary tuberculosis and neuropsychiatric diseases, who could not produce sufficient evidence to show direct connection, provided that if they could show that they suffered from these diseases to an extent of ten percent disability with two years after sep-

**SWEETHEART OF VICTIM FACES MURDER CHARGE**

FRANKLIN, Pa., Feb. 6.—Mrs. Carrie George, 34, was locked in a cell in Venango county jail today, following hearing before Magistrate Daniel McCready, Oil City, charged with murder of Clarence Cherry, 27-year-old "boy friend" who has resided at the George home in Titusville for three years.

The woman pleaded not guilty.

# An empty deposit box doesn't mean you cannot BORROW

Your usual avenue for borrowing money for personal needs may have been closed to you during the past year or two.

Lines of credit have been withdrawn; stocks, bonds, and other collateral have dropped greatly in value.

Nevertheless, you probably have in your possession security which you might not have realized was good for a loan.

Have you a steady income? Are you married? Are you keeping house? Will a loan of \$300 or less help you tide over an emergency or help you get out of debt?

If your answer to these questions is "Yes," then your credit for cash is good at Household, America's foremost family finance organization.

You can borrow the money you need for 30, 60 or 90 days, or you may pay it back in small sums monthly over as long a period as 20 months.

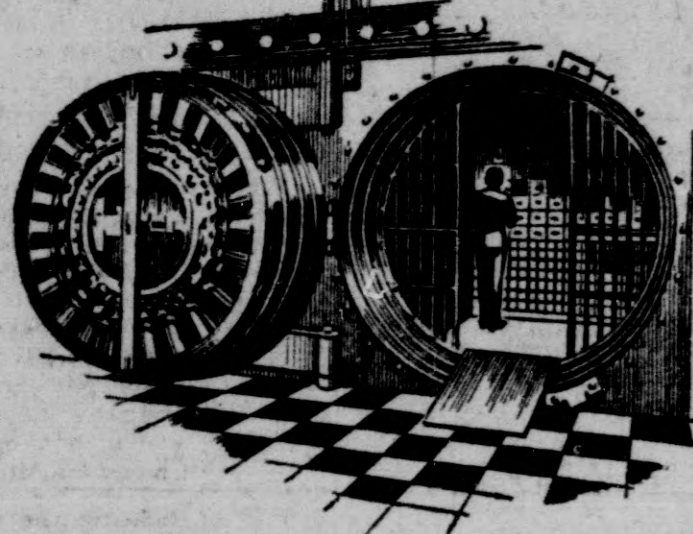

Your character and ability to repay are the chief collateral required. Your furniture, which you keep in your possession, is the only other security necessary.

There is not the embarrassment of asking an outsider to sign your note; signatures of husband and wife are enough. Your integrity is respected; the only investigations made are the questions asked of you.

You will be charged no more for this retail loan service than you pay other retailers for their time, effort, and overhead expense.

Many thousands who have previously borrowed only from banks have looked into the Household Loan Plan in the past few months and found that it meets their needs.

Your inquiry will be welcomed, and full information freely given at any of the 154 Household offices, the nearest of which is listed below.

### Frank McKay Writes Of Trip Through Panama Canal Zone

Has Just Re-enlisted After Three Years Service In The United States Army

Mrs. M. E. McKay has just received a very interesting letter from her son Frank McKay, who has re-enlisted after three years service in the United States army. He is on the Transport Chateau Thierry, enroute to Tientsin, China.

The letter received deals largely with the trip through the Panama canal and is most interesting. The letter follows:

January 25, 1933.

Aboard Chateau Thierry, Enroute Through Canal.

First stop on my way to China. Will write a few lines to let you know how I am going through the Panama canal, while writing this. The green grass and the large palm trees are so beautiful along

the banks. We will stop at Balboa at 5:30 p. m. So will tell you more when we have gone through canal.

Seven Hours Later

The Panama canal as an engineering feat is stupendous and still remains the greatest in the world. It was built by our own government after many unsuccessful attempts by the French. Entering the canal zone from the Atlantic side, one may see the cities of Cristobal and Colon. The passage through the locks is an experience without precedent. As ships glide through pulled by electric mules, the great gates open and close and the water recedes or ascends. There is scarcely a sound, so quietly is it done under ordinary conditions, over ninety electric motors being in operation for each lock, that none of them are to be seen or heard from aboard ship.

As we enter the canal from the Atlantic side, we come to Cristobal and Colon, which can be seen over the port side of the ship. This is the largest coaling station in the world and it is owned and operated by our government and ships are coaled here with great rapidity.

We then proceed on through a very narrow passage of the canal with trees and tropical foliage hanging over the canal, casting a gloom over the place. We then proceed into the Gatun locks. The Gatun locks are the first that we enter and in this set of locks, the ship will be raised 85 feet in three steps of twenty-eight and two-thirds feet each.

The Gatun dam may be seen on the starboard or right side just after we leave the Gatun locks. It is the largest dam in the world but is not of masonry construction. You will see the great links on the dam. After this, the ship slides in to Gatun dam, which receives its water supply from the Chagres river. We then pass through the Gatun cut, proceeding on the canal which resembles an ordinary navigable river. At this time we are at our highest point of about eighty-five feet above sea level. We come to double locks known as Miraflores locks where we descend fifty-six and two thirds feet in two steps of twenty-eight and one-third feet, each coming into river like channels and approaching the Pedro Miguel, where we complete our descent. Here the ship is towed twenty-eight and one third feet to sea level.

We again pass through a river

like channel and approach Balboa and Panama City. Balboa is the finest Republic in the world and is within the canal zone and is governed by the United States. Balboa Heights, Quarry Heights, and the modern city of Ancon are all properly part of Balboa and are the sites of the Canal Zone Administration building and Army headquarters.

Panama City is strikingly foreign but is extraordinarily clean. For Panama has wisely copied Uncle Sam's sanitary control. Old Panama City seven miles from new Panama City may not be reached by automobile and contains the ruins of gorgeous palaces, fortifications and rude bridges built in 1635. All of these are mute evidence of the fearful deeds of Morgan, the Pirate. One of the most valuable pieces of gold that Morgan and his men over-looked through the cleverness of Spaniards, is the golden altar, which has been moved from old Panama City to new Panama City and may now be seen in one of the churches. We are on our way to San Francisco, a nine days trip.

FRANK (HANK) MCKAY.

### Young American Suicide Victim Near Budapest

Body Of Young Man Believed To Be Bobby Heart, 19, Of San Francisco Found

(International News Service)

BUDAPEST, Feb. 6.—The body of a young American, believed to be Bobby Heart, 19-year-old son of Percy Heart, San Francisco millionaire, was found today at the base of a 90-foot tower at the ruins of an old fortress at Sumeg in North Hungary.

A picture of a beautiful young blonde girl and a note were found in the youth's pockets. The note said:

"Life has no more appeal for me."

It was signed by Heart.

Bobby Heart disappeared from his home two months ago.

# DUTCH BATTLESHIP IN MUTINEER'S HANDS

## Crew 'Mutinies' Against Pay Cut

Modern Cruisers Give Chase—Fear Battle May Be Developed

### SUMATIAN NATIVES FORM SHIP CREW

(International News Service) BATAVIA, Java, Feb. 6.—With nine of her officers shackled in the brig, a Dutch battleship in the hands of mutineers steamed wildly through the Indian ocean today.

The vessel, De Zeven Provinciën, was seized in Oele harbor, Sumatra, by her crew of 400 Sumatran natives, who mutinied because of a pay cut.

The commander of the heavily armed ship was in hot pursuit in a small boat, the government steamer Aldebran, aboard which were also 10 naval officers of the East Indies squadron and a number of sub-officers.

Cruisers Give Chase. Two modern cruisers of the Dutch East Indies squadron, 1,500 miles away when the mutiny broke out, also gave chase.

Officials here said they were convinced the mutineers would give battle if overtaken by the pursuing vessels.

Pear was also expressed the sailors would attempt to loot unprotected commercial towns along the southern coasts of the East Indies.

When the mutiny began, lights on

the ship were suddenly put out and the crew rushed from their quarters, bristling with arms, taking the officers by surprise. Then, before officials ashore had a chance to prevent them, they ran the ship out of harbor.

Vessel Sighted. THE HAGUE, Feb. 6.—The Dutch battleship De Zeven Provinciën, seized by mutineers at Oele harbor, and put to sea, was sighted at 7 a. m. today north of Hoxland on the northwestern coast of Sumatra. Radio advices received here from Batavia gave the ship's position as 3:24 latitude, 96:27 north longitude. It was reported the steamer Aldebran, on which the battleship's commander was in pursuit of the stolen vessel, had located his ship but was keeping five miles to the rear.

## Comb Fire Ruins For Body Of Man

Believe Nicholas Ciarlepio Burned To Death In Harrison City, Pa., Fire

(International News Service) HARRISON CITY, Pa., Feb. 6.—Firemen and volunteers today combed through the ruins of the 20-room Commercial Hotel here for the body of Nicholas Ciarlepio, who has not been seen since a blast and fire destroyed the structure. Ciarlepio and his family lived in one of the hotel suites. His wife and children were reported to have left here for a visit with relatives in Homestead or Braddock shortly before the blast. They were being sought.

Gas was believed to have caused the blast which set off the fire at about 10:30 p. m. Authorities also expressed the theory that a bomb might have been responsible. An adjoining barber shop also was destroyed.

## Six Rescued In Pittsburgh Fire

Firemen Hampered By Biting Cold In Fighting Of \$5,000 Blaze

(International News Service) PITTSBURGH, Feb. 6.—Six persons, including a 6-year-old child were rescued by firemen today when fire, following a dull explosion, destroyed a combination store and dwelling in the Carnegie business district. Those saved were members of the family of Walter Wilson, living on the second floor of the building. Cause of the blast was unknown. Firemen were hampered in fighting the fire by cold weather which caused ice to form on ladders. Damage was \$5,000.

## Six Killed In French Blast

Six Workers In Auto Factory Killed In Explosion, Over 200 Are Injured

(International News Service) PARIS, Feb. 6.—Six employees at the Renault automobile factory in Billancourt were killed today when a boiler in the metallurgical building exploded. The structure was demolished, burying many workers in the debris. Two hundred workers were injured. The word "tariff" is derived from the Arabic "tarifa" which means a notification of inventory.

## Detroit Street Car Is Stoned

Man And Girl Cut By Flying Glass, Strikers Are Blamed For Trolley Outrage

### CAR IS LADEN WITH WORKERS

(International News Service) DETROIT, Feb. 6.—A man and a girl were cut by flying glass today as a dozen strikers from the Briggs Manufacturing Company stoned a trolley car near the East Side plant. It was the second stoning of a street car in 48 hours. Twelve strike-breakers were injured Saturday when a mob of 300 stoned a car laden with 100 Briggs workers. Two dozen bricks found their mark in four windows of the trolley today. When the shower began 25 passengers in the car dropped to the floor for protection. The brick tossers had dispersed when police reserves reached the scene.

## Truck Skids And Blocks Traffic On Butler Road

State Highway Police Detour Traffic Through Fields For Several Hours

Autoists who had occasion to travel the highway between New Castle and Butler had a new experience late Saturday and in fact also discovered that the state highway patrol doesn't lose any time getting on the road to take care of traffic. It is reported that a truck tractor and a trailer owned by Locke & Patterson, New Castle, hauling tires from Ohio to Philadelphia was ascending the Weller hill Saturday evening.

There were no chains on the wheels and when the operator changed the big machine into low gear the tractor truck and trailer slipped backward down the hill. It drifted down hill 100 feet. It finally stopped and blocked the entire highway. State Highway Patrolmen Cunningham and Sarko went to the scene immediately and detoured traffic through a field for several hours after which a big truck with the use of block and chains succeeded in extricating the tractor truck and trailer to its right position on the road.

## Youthful Bandits Are Identified

Owners Of Ten Pittsburgh Establishments Recently Held Up Identify Bandits

(International News Service) PITTSBURGH, Feb. 6.—Police today expected to confront two suspected "ice cream soda" bandits held for the killing of Charles F. Huber, druggist, with other recent robbery victims here in an effort to clear up a number of unsolved holdups. Taken to 10 establishments recently victimized by gunmen, the two youths were identified at every place yesterday, police said. Those held are John Szesni, alias Kurdek, 19, and Abe Liebm, 18. Police said both have confessed the Huber slaying.

## Four Farrell Robbers Held

Three Men And Boy Held By Police After Robbery At Farrell Store

(International News Service) FARRELL, Pa., Three men and a boy today were held by police here as robber suspects after they were captured outside the A. Bennett store following a burglary. Police said the men had a quantity of cigarettes, clothing and other loot in their possession. Those held were Stephen Dolbice, 37; his son, George, 13; Louis Puscar, 18, and William Miles, 23.

## Business Women To Have Banquet Speaker Of Note

MARJORIE SHULER

New Castle Business and Professional Women are looking forward to their annual banquet date, Tuesday, February 21, when they will have as guest speaker at The Castleton, Miss Marjorie Shuler, of New York City.

Widely known in the newspaper and magazine field and also on the lecture platform, Miss Shuler is publicity chairman of the National Federation of Business and Professional Women's clubs. As a member of the staff of The Christian Science Monitor Miss Shuler has attended every large convention of women in the United States and Europe in the past ten years.

Service club representatives and other friends of the local business women's club will be included in Miss Shuler's audience. Banquet and program plans are in charge of the Public Relations committee of which Mrs. Betty Bliss is chairman, assisted by the International Relations committee, Miss Rose Barber, chairman.

## LETTERS TO THE NEWS

Letters Intended For This Column Must Be Signed With Name And Address Of Writer.

TAX AND TAXPAYERS Editor News: Much has been said upon the subject of taxation, perhaps a few figures might be interesting to all taxpayers. I observe that the county has a controller, a deputy, solicitor and clerks. This work was formerly performed by three auditors at a cost of about \$2500 per year. At present the cost is \$5290 in addition to several clerks now employed. The county disbursements for 1931 were \$846,800, and the disbursements of the city of New Castle for 1931 were about \$835,800. The city controller performs the duties of controller and auditor of school funds and receives a compensation of \$3000 per year.

Would it not be better for the taxpayers to return to the auditor plan? I cannot see where the controller plan has been an improvement. The simple facts of the case are that the office of controller was created to enable another man to feed at the public crib and devise another plan to squander and waste the hard earned taxes of the people. The News reported that some taxpayers had taken exceptions to the controller audit, where the county paid the county commissioners \$600 a year each as poor directors in addition to their salary as commissioners, and that the controller had stopped payment when the objections were filed. I cannot see why the controller should approve of the audit, and then stop payment to the county commissioners when the objections were filed. Speaking of the commissioners reminds me of a story that is going the rounds. A small boy was looking through the newspaper and came to the word commissioner and he asked: "Daddy, what is a commissioner?" Daddy replied: "A commissioner, my son, is a man who sits all day in an office chair with his feet on the table and smokes a big pipe." "Small boy: "But daddy, why don't he get out and work some like other men?" "Because he don't have to, my son. You see the taxpayers employ a bunch of clerks to do all of the work, so the commissioner can have lots of time to smoke and talk politics. In the opinion of the writer any county official who is eligible to a second term and absolutely refuses to take a cut of any amount in this salary, if they have the nerve to run for a second term, will not get enough votes among the farmers and working men to win a shotgun. The only man that does not know anything about hard times is the man who is getting the same salary he did five years ago. The word depression is not found in his vocabulary. When all industries and business reduced the compensation of their employees and practically all of them working part time and many not working at all, with the farmers receiving low prices for their products, why should the taxpayer be required to pay salaries which are not in keeping with present conditions? When all farmers are having a struggle, to pay taxes and keep the sheriff off the farm, and many working men are losing their homes, the voters are not in any mood to stand for unnecessary expenses in the management of county affairs. S. A. COWDEN, Mt. Jackson.

## SEVENTH WARD NEWS

Men Are Laying Roof On Station

Concrete Work Delayed By Cold Weather—Other Details Proceed Rapidly

Roof planking on the P. & L. E. passenger station and on the canopy extending over the train platform, got underway late last week and will in all probability be completed today. The roof covering will be the next step.

The canopy extends from the brick passenger station to the subway entrance leading down to Liberty street. It is nearly twice as long as is the passenger station. Although the cold weather prevents the laying of concrete steps in the entrance from Liberty street, other work, not requiring concrete is proceeding at a rapid pace.

## YOUNGSTERS TO HAVE PARTY ON SATURDAY

Next Saturday afternoon is to mark a very special occasion for the members of the Primary and Beginners departments of the Mahoning Methodist church. By those in charge: "Don't forget to be on time. ## Pinchot Against Primary Repeal

Scranton That He Will Veto Primary Repealer

(International News Service) SCRANTON, Pa., Feb. 6.—Any doubt that may have existed as to Gov. Gifford Pinchot's attitude toward proposed repeal of the primary election law was swept away today.

The governor went on record in a letter to the Second Ward Republican club's secretary with the declaration that he will do "everything possible to prevent a return to the old convention system" of nominating candidates for public office.

The club, one of the largest political organizations in this part of the state, had advised the governor of its opposition to the Prince-Chapman bill in the legislature. "The stand taken by your organization relating to the direct primary is my own," Governor Pinchot said in reply.

## New Brighton Is Next For Locals In Section Three

New Castle High Will Play At New Brighton High On Friday, February 10

New Castle high's basketball team will have a chance to get in a lot of practice this week. There is no game carded until Friday night. New Brighton will be met at the valley town Friday in a sectional three contest.

The Bridenbaugh team will be experimented with this week, but it is likely that the combination that started the game against Rochester will be used. Battley and Kelly are filling the bill at the forwards and Miles is learning the game quickly at center. New Castle is well fortified with Ridley, Teplica, Reiber and Kominic to take care of the guard jobs, and if it is found necessary Teplica and Ridley can fill in at the forward posts very nicely.

New Brighton high will be fighting hard against New Castle when the teams meet on the beautiful New Brighton floor. The Roarkmen put up a good game here, but were defeated. New Castle cannot afford to take this game lightly.

## Saints To Play Slippery Rock

St. Marys Quintet Will Play Slippery Rock Collegians Tonight

St. Marys basketball team will have the Slippery Rock Collegians as their opponents tonight at the St. Marys floor. The Slippery Rock team is reputed to be fast and is undefeated to date.

The Slippery Rock team is made up of ex-high and college stars and has been mopping up on all kinds of opposition this year.

The St. Marys Reserves will play the fast Syrian Eagles as the preliminary game, which will start at 7:15 o'clock. The main game will start under way about 8 o'clock.

Coach "Fiz" Fraser has the Saints playing fast ball and they hope to throttle the Collegians tonight. Fraser has not as yet announced his starting lineup.

## Evans Cages 10 Of Winning Points

(Special To The News)  
NEW WILMINGTON, Feb. 6.—When the New Wilmington Hook and Ladder basketball team met and Ladder basketball team met Friday night and won 25-16. Evans played a star game for New Wilmington. The Vath brothers were the Mercer team's bulls. The game was played on the Community floor.

The lineup:  
New Wilmington: Mercer, Evans, F., Vath, Shaffer, F., Vath, Pitzer, C., Hinkley, White, G., McCullough, Glass, G.

## Carnera-Schaaf Bout On Friday

(International News Service)  
NEW YORK, Feb. 6.—Local fight fans were "steamed up" today over Friday night's scheduled 15 round heavyweight bout between Primo Carnera, Garantian Italian, and Ernie Schaaf, Jack Sharkey's "policeman" at Madison Square Garden.

The Garden, having failed to corral Max Schmeling and Max Baer, plans to pit the winner against Sharkey for the title in June.

Although indications today were Carnera will have a pull or more than 50 pounds in the weights, Schaaf was a slight favorite.

## HERE AND THERE IN SPORTS' LAND

(International News Service)  
Jim Bausch, all-around athlete from Kansas City, has notified A. A. U. officials he would compete in the New York A. C. games, February 18 and the national A. A. U. indoor championships, February 27.

Mose Butch and Baby Face Matheson are scheduled to box 10 rounds tonight at Youngstown. They are bantamweights. Tom Farrow and Red Hutton, New Castle light-heavyweights will meet in a preliminary bout.

## Pirates Picked As Contenders

Team That Wins National League Flag Will Have To Beat Pittsburgh

### TEAM HAS YOUTH AND HITTING

By PAT ROBINSON  
International News Service Sports Writer  
NEW YORK, Feb. 6.—The Pittsburgh Pirates are the logical choice for the National League pennant. Well-balanced, seasoned but still young, speedy, smart and powerful, they will enter the race a strong favorite over the Cubs and Cardinals.

George Gibson made a ten-strike when he lured Freddy Lindstrom from the Giants to share the outfield with the walloping Waners. This trio will give the Pirates the fleetest set of fly chasers in baseball and it is not too much to expect that they will average .325 with their sticks.

Lindstrom is Good.

Lindstrom's poor record with the Giants last year can be written off. He's a great natural ball player who figures to hit well over .300 and place most of his hits, as he is one of the few place hitters left in baseball.

The team hasn't a weakness. Back of the plate we find Earl Grace, one of the best catchers in the league, with a good, if not great, pitching staff to handle.

If Charley Wood recovers his health, the Pirates will have two corks left handers—Wood, and the hard-working Larry French. With McBride, Swift, Harris, Kremer and Chasmon they should furnish all the pitching needed to win.

Infield is steady.

The infield will be steadier this year. Tony Piet and Floyd Vaughn cracked after the pitchers suddenly wilted late last season but they are not likely to do so again no matter what the pitchers may do.

Gus Suhr is a handy workman at first and a far better ball player than he is generally rated. Pie Traynor, of course, is still tops as a third baseman.

If this team doesn't win the pennant, the team that beats them certainly should.

## Gambling Cost Over Billion

Staggering Sum Of \$1,500,000,000 Bet On Horses, Dogs And Lotteries In Year

NEW YORK, Feb. 6.—Probably it's the homely, old philosophy of the Gospel tents all over again, "The devil finds work for idle hands." The pinch of necessity has its part. So have faith and hope, the two lower limbs of human nature, and doubtless, too, there is something of a natural reaction from the tragic delusion that was Wall Street.

Anyhow, America, in this hour of its most urgent adversity, has cast off the remnants of its self-restraint and is tossing untold millions into the pot without a bottom. For lack of a better word, they call this gambling. But, in general effect, it is sheer gratuity, with the beneficiaries all to few.

An inquiry into the betting situation throughout the nation by the International News Service today discloses estimates that almost fifty billion dollars are bet on horse racing, dog racing, boxing, baseball pools, the Harlem number game and lotteries and sweepstakes in general.

## Eintracht Wins Cleveland Game

Maintains First Place In National Saxon League On Saturday Night

Eintracht Singers maintained their lead in the National Saxon league Saturday night when they beat Cleveland East, at Cleveland, 35 to 20. The lineup:

Eintracht: Cleveland E. Hill, F., Simonis, Rohrer, F., B. Mills, J. Crommes, C., Ungar, Paulini, F., Baker, Reiber, G., Schuler, Reiber, G., Schuler, Sub: W. Grommes, Reiter, G. Miller, Berndt.

Field goals: W. Grommes 5, Rohrer 3, Grommes 2, Paulini, Reiber 2, Simonis 4, Ungar 4, Baker, Schuler 2. Foul goals: New Castle 11 of 15; Cleveland East 8 of 16.

**SOPHOMORES WIN GAME**  
Sophomore "A" basketball team of senior high defeated the Epworth M. E. team 24 to 21 in a game played at the Senior high floor. The scoring stars were Hart, Pratt, Johns and H. Wyman.

## McCoy Wins Decision From Happy Atherton

Cavelli, Pacelli Win; Elmo-Farrow Feud Born

Outreached and outweighed Happy Atherton fell a victim on points to Johnny McCoy when the Buffalo flyweight made his second appearance here. He had previously staged a thrilling scrap with Willie Davies. Jawn had a four and three quarter pounds advantage on Happy and was out in front almost entirely throughout the scrap. Atherton landed a good, heavy, right overhand blow to the head in the fifth. The six round semifinal fracas between rugged Carl Cavelli and Jackie Powers was a better scrap than the main bout. The decision went to Cavelli. He floored Jackie for nine seconds in the fourth and had him groggy at the end of the sixth round.

Tony Azzair started like a house afire against Romeo Pacelli in the first round. They slugged. Romeo was worsted. He changed his style and boxed Azzair dizzy and when Tony rushed in the second Romeo clipped him on the chin with a left. Good night!

The Warren Farrow-Elmo (Clark) the Mighty feud was born this night. For every grimace that Elmo would make Farrow would parrot the idea. Every time Elmo laughed Warren would show his molars. They landed hard and often and missed scores of times. Elmo got the award. It ought to have been called a draw. Roy Minter and Jimmy Engle fought four rounds to a draw.

## No Important Grid Changes Will Be Made

Football Rules Committee Not Likely To Make Any Drastic Changes

(International News Service)  
NEW YORK, Feb. 6.—The oft-repeated assurance of Secretary W. S. Langford that the rules committee of the national collegiate football association will not make any important changes in the gridiron code at its meeting in Philadelphia this week, was strengthened today by the action of the football coaches' rules committee in recommending only one major change at its meeting here Saturday.

This proposal was that no scrimmage begin less than ten yards from the sideline.

Under the plan, more leeway would be available for end running plays, and it would not always be necessary to waste a down in running plays, and it would not always be necessary to waste a down in running the ball out of bounds.

The St. Andrews basketball team has met and defeated some of the fastest and strongest teams in this city and county, according to Dave Riley energetic business manager of the church team.

The St. Andrews team has defeated Wesley M. E. winners of the first half of the church league race, the Wampus Merchants twice, being the only team to defeat the Wampus boys on their home floor, and the Central Christians twice, also Slippery Rock Freshmen, and the Polish Falcons.

Wednesday night the St. Andrews team is starting a series of games with the fast Eintracht at the St. Marys floor. The Eintrachts are leading the Saxon League.

## Baseball Men To Gather Tonight

President Alec Samuels of the Lawrence county league has called another meeting for tonight of all baseball men in the city and county for a gathering at the Sporting Goods store. The meeting will start at 7:30 o'clock.

Plans for the coming season will be discussed. At the meeting last Monday night about 12 teams were present and signified intentions of placing teams in the field this year. All Twilight league managers are asked to be present tonight also. It is hoped that a couple of fast leagues can be formed here this summer.

## Cliff Sutter Is Tennis Champion

(International News Service)  
MIAMI BEACH, Fla., Feb. 6.—Cliff Sutter of New Orleans, America's third ranking player today added the Pan-American singles championship to his tennis laurels. He defeated George Lott, Chicago's former Davis cup player, 6-4, 7-5, 3-6, 6-2.

Lott obtained some revenge by pairing with Dick Covington, of Asheville, N. C., to stage a surprise victory over Sutter and Bryson Grant, Atlanta, in the doubles final, 6-4, 6-3.

**GREYHOUNDS WIN**  
Greyhounds basketball team topped the Sophomore "A" team 12 to 9 in a game played at the senior high floor. H. Wyman and Kneram were the big stars in the Greyhound lineup. George was the best for the Sophs.

## Duquesne Trims Titans 28 To 25

Duquesne Evens Up Series With Westminster By Victory

### DOUGLAS-BRENNER HIGH SCORERS

Westminster College Titan basketball team was upset Saturday night at Beaver Falls High gym by a fighting Duquesne University basketball team. The score was 28 to 25. The victory for the Dukes gave them atonement for the defeat suffered at the hands of Westminster at Pittsburgh earlier in the season. The game Saturday was another of those hair-raising affairs with the outcome in doubt right down until the final minute of play.

Rally Is Halted

Westminster rally was cut short by the gun, after Bennett had dropped through three fouls and Douglas had made a field goal with the score 28 to 20 against the Titans and this of course brought the count to 28 to 25, and if the gun hadn't sounded the Lawthermen might have had their second victory over the Dukes of the Bluff. As it turned out the Davies coached team went back to Pittsburgh satisfied.

Duquesne took the lead in the first minute of play when Birch caged a field goal, and then Westminster got busy and with six minutes to play of the first half led 8 to 5, and at the half had increased their lead to 14 to 10. Douglas and Bennett looked good for the Titans in the first half.

Dukes Take Lead

The Dukes came out strong in the second half and soon had the count 16 to 14 in their favor. With four minutes of the game left to play the Dukes led 28 to 20.

Brenner was the big gun in the Duquesne offensive attack with six field goals and two fouls for 14 points, while the two forwards Feldman and Birch kicked in with two field goals and two fouls apiece for 12 points between them. Bennett had eight points for the Titans through the medium of two field goals and four fouls. On the defensive Hunneke played a fine game for the Titans, and Reiter played an equally fine game for the Dukes at guard.

Tonight at the Westminster floor the Titans will play Bethany College basketball team in a Tri-State Conference game.

## SPORTSMEN HELP PROTECT GAME AT 200 FEED POINTS

While King Winter hasn't been bitterly harsh on Lawrence county's wild game this winter, organized sports groups in different sections of the county stand ready to supply some 300 woodland feeding shelters with food if the weather turns.

County Game Protector Frank L. Coen, anxious to receive the volunteer help of sportsmen, doesn't believe the harsh weather will come, but he's not making predictions.

"So far conditions have been open-game could find their own food," stated Coen. "But the feeding stations offer a guarantee for cold weather, when the snow falls."

Out in the Bessemer, Pulaski, New Wilmington, Clifton, Ellwood City and other sections, groups of wild life enthusiasts and Boy Scouts have established the stations, filled by feed provided by the state. This winter, the say, has been one of the mildest on record.

## Washington High Tops Plaingrove

Plaingrove Reserves Defeat Washington Junior High Reserves In Preliminary

George Washington Junior High basketball team defeated Plaingrove High 27 to 19 in a fast game at the Plaingrove high floor last Friday night. The Carrolmen led all during the game. The playing of Perrett, Anderson and Habib was the best for the winners, with McNulty the high scorer for Plaingrove.

In the preliminary game the Washington High Reserves minus Ross Bridenbaugh lost to the Plaingrove High Reserves 14 to 10, in a tough engagement.

## Four Injured When Train Wrecks Bus

YOUNGSTOWN, O., Feb. 6.—Four persons were injured and six others escaped when a westbound Pittsburgh & Lake Erie passenger train struck a municipal bus and a private automobile on the Wick avenue grade crossing here.

There were two passengers in the bus, Mrs. Sadie Davis, 47, of Cleveland, and Frances Minehart, 11. The little girl was showered with glass but was not hurt. Mrs. Davis was treated at St. Elizabeth's hospital and insisted upon leaving, although hospital attendants feared she had internal injuries.

## STOCKS

Short Selling  
Affects MarketSteady Dribble Of Short  
Selling And Liquidations  
Cause Lower Market

(International News Service)  
NEW YORK, Feb. 6.—The stock market continued to move lower under a steady dribble of short selling and liquidation in a dull session today.

Motor shares were mixed with Auburn and Chrysler ruling fractionally lower, while General Motors hovered around Saturday's close.

The weakness in the railroad shares was the most bearish influence under which the market labored through the forenoon session.

Gold shares continued firm under the leadership of Homestake which ran up more than a point.

Outside markets were mixed with bonds and cotton weak, while wheat rallied from 1/4 to 1/2 cent a bushel.

Man, Well Known Is  
Dead At Pittsburgh

Officials at the court house this morning announced the death of Edward A. Seiple, vice president of the William J. Johnston Publishing Co. of Pittsburgh. Mr. Seiple, who sold blank books and supplies such as are used in county work, has been coming to the Lawrence county court house for the past forty years and was well known to all of the officials. He was about 68 years of age and is survived by his wife Mildred Seiple. Funeral will be held on Tuesday.

Once more the black Chantilly lace gown reappears in Paris. Very long, even with a train, and with long sleeves, it is worn as a dinner and theater dress. The only ornament is likely to be a cluster of white flowers at the front of the neckline.

Wayne Township  
Board Convenes

ELLWOOD CITY, Feb. 6.—With a majority of members answering the roll call, the Wayne township school board held its regular meeting Saturday evening at the Hopedale school house.

After routine matters had been disposed of a number of important business matters were transacted. William Walker, the tax collector, reported that approximately 50 per cent of the taxes had been collected, or \$10,000 of \$23,000 total of the face tax duplicate. Sometime ago the board adopted the five equal payment plan of taxes, which they feel is being very successful. Their state appropriation, which will amount to \$2,800, will be received this week.

The teachers have voluntarily refunded 10 per cent of their salaries which brings the majority of the wages down to a minimum rate. It was voted to cancel all the present contracts of the teachers with new ones to be submitted at a different rate sometime before the first of July.

The members of the board are endeavoring to effect the forming of a tax justice league in Wayne township and the surrounding vicinities. If arrangements can be completed the organization meeting will take place the latter part of the week, with the time and place to be announced in the papers.

Fred D. Poister  
To Address Kiwanis

ELLWOOD CITY, Feb. 6.—Fred D. Poister, who has just recently returned from Colorado to again make his home in this city, will be the principal speaker at the weekly meeting of the Ellwood City Kiwanis club Tuesday evening at the Trinity Lutheran church.

Mr. Poister who is a prominent citizen of the community and active in boy scout work here will talk on this subject. This will be in keeping with the boy scout anniversary week which will begin on Wednesday.

Two Accidents Are  
Reported To Police

(International News Service)  
Charles Bricker, of 701 1/2 Chestnut street, reported Saturday morning that he was driving the car of the Castle Motor company west on East Washington street at Croton avenue and a car driven by a man named Beverly, 301 Bridge street, was enroute south on Croton avenue collided with his machine. Both were damaged.

William Halley of 420 Park avenue was enroute east on Croton avenue when his car was in a collision with that of Ralph B. Shiner, 206 North Crawford avenue, who was enroute north on Crawford avenue, as he made a right turn into Crawford avenue. Two machines parked on opposite sides of Crawford avenue, caused the machines to sideswipe each other as they attempted to pass between the cars. Slipped damage was done.

## Temple Club Gives First Annual Show

Large Crowd Of People Witness Interesting Program In I. O. O. F. Hall

The Temple Club on Friday evening, Feb. 3, presented its first annual minstrel show under the able directorship of Richard Hill, with Mrs. Hill as accompanist. The affair was held in the I. O. O. F. hall on East Washington street. There was an unusually large crowd in attendance and the program presented was well received.

Jokes by the end men were of local make-up and were duly appreciated by the audience. After the performance the Rebekah degree team entertained all those taking part with an excellent lunch which had been prepared in the dining room. This brought to a close one of the most successful entertainments held under the auspices of the I. O. O. F. Temple Club, New Castle lodge No. 195, I. O. O. F., and Lawrence Encampment No. 86. Richard Hill was director. Mrs. Hill accompanied, and C. H. Buehl interlarded, had much to do with the successful presentation of the affair and the cast is made up of the following persons: Premier end men: F. L. Norris, David Young, George Ruff, William Richardson, Elder McCormick and Floyd M. Houk. The circle men were W. J. Ellison, Fred Reher, Harry

Ward, John Frampton, Homer Cramer, C. Collingwood, David Lewis and Richard Hill.

The program presented follows: opening chorus, "Hello Prosperity"; entire cast; song, "World Is Waiting for the Sunrise"; David Lewis; song, "Auf Wiedersehen, My Dear"; W. J. Ellison; song, "Darktown Strutter's Ball"; William Richardson; song, "All-American Girl"; Richard Hill; poem, "Missing Link"; F. L. Norris; quartet, "Carry Me Back to Old Virginia"; with the encore number being "In the Evening by the Moonlight"; Homer Cramer, Richard Hill, George Ruff and F. L. Norris.

Song, "Sentimental Gentleman from Georgia"; Elder McCormick; song, "Some of These Days"; Dave Young; song, "River Stay Way from My Door"; F. L. Norris; song, "Dittie Back to Dreamland"; H. Cramer; grand finale, "I'm Alabama Bound"; the entire company.

## AMBERSON ART CLUB TO GIVE AN EXHIBITION

Members of the Amberson Art Club are now working overtime, making signs, constructing easels, putting finishing touches to their pictures and washing windows of the Centennial building, corner of Mill and Washington streets in preparation for the first annual exhibition of the work of the Amberson Art Club of New Castle. The exhibit will be ready for the public on Tuesday morning, February 7 and all week. Some seventy-five pictures will be on display. Practically every art medium from pencil to oils will be shown, and all the product of local talent.

## Bill Over School Tuition Contested

Appeal Is Taken In Case Of Plaingrove Township Against C. F. Gardner

An appeal from the decision of Alderman L. C. Mantz has been taken by the defendant in the case of Plaingrove township school district against C. F. Gardner of Scott township. The case is one in which suit was brought by Plaingrove township for \$90 school tuition and judgment was awarded.

The facts as brought out at the hearing showed that Gardner, who lives in Scott township, had been sending his son to the Plaingrove high school and Scott township had been paying the tuition. The boy had gone to school at Plaingrove

three years when a high school was established by Scott township.

Young Gardner did not want to go to the Scott township school since he had three years in at Plaingrove and continued going to school at Plaingrove. Gardner claims that he supposed Scott township was paying the tuition until he received a bill for \$90 at the end of the term. Scott township, it seems, had not been billed for the tuition, after it had established a high school of its own.

Gardner's attorney contends that under the school code he should have been billed for the tuition monthly. He then would have known at the end of the first month that Scott township was not paying the tuition.

## POLISH BOARD NAMES OFFICERS FOR YEAR

## Girl Evangelist At Baptist Church

Special Service Will Be Held Thursday Evening With Betty Weakland As Speaker

Rev. C. H. Heaton, pastor of the First Baptist church, announces that Betty Weakland, the noted sixteen year old girl evangelist from Cleveland, Ohio, will preach and

sing at a special service in his church Thursday evening at 7:30.

Miss Weakland has been preaching the gospel for the past nine years and has the distinction of being America's youngest evangelist, editor and radio preacher. She will be here only one night and will be assisted in the services by her parents, Dr. and Mrs. J. Roy Weakland, her thirteen year old sister, Dorothy Lola, and her brother, Roy Jr.

The service will be entirely interdenominational in character and no admission will be charged.

## "my skin became clear"

—wouldn't you like to be able to say this, too? Then pause a moment and reason... skin affections usually result because of lowered resistance from below the skin surface. Then help the blood that purifies the skin, by increasing its red-cells and restoring the vital oxygen-carrying hemoglobin in these cells so that more vitality comes to the tissues. This will increase the ability of the blood to devour infectious pimple germs.
